**REASONS FOR ALLOWANCE**

1. This office action is in responsive to the paper filed on July 27<sup>th</sup>, 2006.
2. The following is an examiner's statement of reasons for allowance:
  - The claimed invention is a performance visualization system for use in storing and visualizing performance data for multi-agent systems.
  - The applicants specify and limit the claimed subject matter, the data, to be "a performance data" representing the performance of multi-agent systems in managing processes, and limiting the claims with further limitations, includes, "performance service request", "receiving performance data", "performance data identification, and "associate data inputs with multi-agent system and reviewing the performance data for entries of that multi-agent system".
  - The combination of prior art of record does not expressly disclose or suggest the "performance visualization system" with all the feature of "performance service request", "receiving performance data", "performance data identification, and "associate data inputs with multi-agent system and reviewing the performance data for entries of that multi-agent system".
